

finch laser

For black and white printing and copying

A Bright and Dependable Laser Paper

Finch Laser features a dazzling 96 brightness. Stocked in offset and digital sizes, Finch Laser can be pre-printed on an offset press and later used in a digital copier/printer. Its uniform surface produces superb print fidelity, sharp images and type. With a high heat-tolerance for laser printing, Finch Laser is guaranteed to outperform in the home, office and print shop.

Finch uncoated digital papers are bright, smooth and clean. Our high-performance papers feature FSC-certified and recycled choices with a crisp, substantial feel. For a house sheet that is natural fit for you and your customer, choose Finch.

Uses

- Everyday copies
- Letters
- Reports
- Newsletters

Benefits

- 96 brightness for high contrast
- Excellent opacity reduces show through
- Easy, jam-free runnability
- Laser guaranteed
